

CURRICULUM VITAE OF NTUTHUKO SIPHAMANDLA RICH

98 Duxbury Rd
Hatfield, Pretoria
Gauteng, 0083

30th August 2021

To whom it may concern...

I am currently Studying BEng Mechanical Engineering, in my final year of study at the University of Pretoria. Among others here is a few attributes that make me useful in the workspace. Firstly, my experience with working with people includes: I have worked with first year students in years 2017 and 2018 under the University of Pretoria's Education and Innovation Staff. I am a General Committee member for the Ubuntu Box Initiative. My work experience with admin includes the following: 2018 I did data capturing for the Education and Innovation orientation. I am a 2IC at CRC church, so I am fluent with taking registers and keeping track of time and organising in general. My work experience with working in a team includes: Ubuntu Box General Committee requires a lot of group work organising events and other student related issues. 2019 and 2020 I had the privilege of overlooking the orientation on main campus under Education and Innovation Department.

I am a multiskilled individual with a natural ability to understand, adapt and work efficiently. My most attractive attributes include a solid work ethic and ability not to buckle under pressure. I am really excited by the opportunity to work for you. Thank you for your time and consideration.

Sincerely

Ntuthuko Siphamandla Rich Sibiya
